Rickard "Bunked" In Deal To Show Fight Film, Promoter Says

Boxing Promoter Testifies in Investigation of Charge Against Daugherty
PROMISE MUMA 50 PER CENT
Former Agent of Department of Justice Testifies Row Caused Resignation

Washington, D. C.—After hearing Tex Rickard, fight promoter, tell them he "got bunked" when he went into the "deal" with Jap Muma, Will A. Orr and the mysterious "Ike Martin" to show the Carpenter Dempsey fight pictures and escape prosecution, the Daugherty investigating committee, Thursday turned to verifying the testimony of G. O. Holdridge, a department of justice agent.

Holdridge, in previous testimony to the committee, quoted Muma as having said Attorney Daugherty had told him (Muma) that if the "deal" went over he (Muma) ought to get a big cut out of it, at least 50 per cent.

Holdridge presented his statement to the committee with an attestation by Thomas Spellacy, a former department of justice agent, as "absolutely true."

When the committee got Spellacy on the stand Thursday he confirmed some of Holdridge's testimony but made a change in Holdridge's account of Muma's report of the alleged conversation with the attorney general. "As I remember Muma's statement," Spellacy said, "it wasn't that Mr. Daugherty suggested a 50 per cent cut but that he thought Muma was interfering for Tex Rickard and that Daugherty said Muma ought to get an interest for that. Muma said he told Daugherty he was going to get an interest."

NEVER CHECKED MUMA
Spellacy admitted on cross examination that he never had "checked up" on Muma's statement to Holdridge. Spellacy said he was asked to send in his resignation from the department of justice after the row at Sunset Inn, near Troy, N. Y.

"My conscience is clear about that," Spellacy said.

"I didn't want to be removed under a cloud—I wanted to be reinstated and then resigned."

Spellacy agreed that he "faked" a polite way of getting the gate.

"You didn't attend any of those parties down on Kat with the attorney general either?" Senator Wheeler asked.

"I object," said Mr. Howland. "You'll object and I'll ask the question," retorted Wheeler, "if this is the way this examination is going to attack and besmear every witness."

When the uproar quieted down, Senator Wheeler gave Howland an opportunity to cross examine, but he declined and the session adjourned until 10 A. M. Friday.

CAMP COOK FOUND SHOT AND FROZEN
By Associated Press
Ashland—James Boucher, 54, cook for the Hines Lumber Co., at one of its logging camps 18 miles from Glidden, was picked up about 10 miles from Glidden with both feet frozen and bullet holes in his chest and the right side of his head.

Boucher told George Strasz, Glidden, who found him, that he was shot Friday night and since then has been without food or water.

Boucher was brought to an Ashland hospital, but is delirious and unable to tell a coherent story as to how he was injured. He said he started to walk from the camp to Glidden, when he was shot.

The wounds were made by a 22 calibre rifle. The man's home is in St. Cloud, Minn., where he is a member of the Elks and Odd Fellows fraternities.

WILKINS SLAYING REMAINS MYSTERY
Three Men Are Held in Connection With Murder of Kansas City Woman

By Associated Press
Kansas City, Mo.—A mystery woman was introduced Thursday into the baffling murder of Dr. Zoe Wilkins, marital adventurist and osteopath, while police pursued other avenues of investigation opened by statements by three men held for investigation.

A woman described as unidentified, entered Dr. Wilkins' home Sunday night when there were mysterious happenings about the house, it was revealed by a tattle peddler. Dr. Wilkins was slashed and beaten to death some time between Saturday noon and Tuesday evening.

The three men being held are Charles Wilkins, brother of the slain woman, who had often quarreled with her, he says, over her gay life. E. F. Tanager, who says he was a patient of Dr. Wilkins, but who others say, was her intimate, and Dillard Davis, Negro janitor, who is declared to have attempted once to attack the woman.

Belief that Dr. Wilkins was wealthy began to fade Thursday. Investigation indicated that she had disposed of most of the \$100,000 or so that she obtained several years ago by her marriage to Thomas W. Cunningham, wealthy Joplin, Mo., banker.

WOMEN OF DELAVAN SEEK CITY OFFICES
Delavan—This city is facing a term of "petticoat government" with seven women candidates already in the field for the offices of mayor, council and board of supervisors.

One incumbency in a county board position refused to run against a woman opponent and dropped out of the race. Male voters are less chivalrous members of the sex to take the place of John Shanahan and make the run against Miss Fiske Steinko.

Albert Hollister, supervisor, now journeying in California, finds his seat on the board impeded by Mrs. Laura Jones.

Mrs. Mildred Shearer will be the opponent of Mayor or Fred G. Tancik.

BOB CLIMBS TO SECOND PLACE IN PRIMARIES

Wisconsin Senator Forges Ahead of Hiram Johnson in North Dakota

By Associated Press
Fargo, N. D.—With unofficial returns from Tuesday's statewide primary in North Dakota, pointing to the Republican presidential endorsement of Calvin Coolidge, interest Thursday turned to the vote polled by Senator Robert M. LaFollette.

Brought into the contest through a sticker campaign instituted in the closing days of the campaign, the Wisconsin senator, after trailing in third place behind Senator Hiram Johnson of California, forged into second place in returns received Wednesday night.

The contention of Johnson managers that LaFollette's vote would have gone to the Californian had the Wisconsin senator been out of the race was challenged by L. B. Hanna, Coolidge state manager in declaring the state has given the president a "substantial plurality."

"It is not my belief that every one who voted for LaFollette would have turned to Johnson had the former not entered the race. I am sure the president was selected choice with many who cast their ballots for the Wisconsin senator," Mr. Hanna said.

Attaches of Johnson's headquarters here "broke camp" Thursday. Several of them declared unofficially that had the Californian senator known LaFollette would be in the primary race, Johnson would not have entered.

President Coolidge had a plurality of 15,000 votes in a total Republican poll of 51,000 when tabulation of belated returns was resumed Thursday. Returns that gave him this lead were from 1,217 of the state's 2,653 precincts.

These precincts gave Coolidge 11,231 votes, LaFollette 22,233 and Johnson 22,272 votes.

W. G. McAdoo was unopposed for the Democratic presidential preference endorsement.

KAUKAUNA AGOG WHEN FIERY CROSS LIGHTS UP SKY
Kaukauna—The fiery cross has been burned in Kaukauna. The city was agog with excitement Wednesday when the rumor spread that the Ku Klux Klan was responsible for the burning of the cross, a practice which has been conducted in several cities. The event occurred about 10 o'clock Tuesday evening on the plot of land between the transportation canal and the river and attracted crowds of people. No attempt was made to destroy the spectacle and it burned for more than a half hour. The police department has been investigating the incident on the theory that it was a practical joke.

BRYAN RAPS MELLON BONUS OPPOSITION
Nebraskan Reiterates Intention Not to Run for Presidency This Year

Lincoln, Neb.—Coming back to his old home town to celebrate his sixtieth birthday with his brother, Governor Charles Bryan of Nebraska, William J. Bryan met Nebraska Democrats, greeted his Lincoln friends at a public meeting at which he denounced in a speech, the present administration and its record and departed late Wednesday night for Chicago.

In his brief visit, Mr. Bryan reiterated his intention not to be a candidate for president for this year again, asserted the next President must be "Progressive and dry" and put in a word for the welfare of the farmers.

The stand of Secretary Mellon of the treasury on the bonus question was given a rap by Mr. Bryan who charged the former with being willing to give money to all other interests, the business and banks of the nation, but not to the men who "offer ed their lives on the altar of their country."

50 COMPANIES PUT OUT GHETTO BLAZE
By Associated Press
Chicago—Fifty fire companies threw so much water on the burning four story furniture warehouse of Glabman Brothers, Inc., when the west side Ghetto was threatened, that the sewers could not carry off the flow and the streets were flooded. The heavy fire fighting force was called out to save the Maxwell-st. market district in the most congested section of Chicago. The warehouse was virtually a total loss, according to fire men.

SENATE WOULD CHANGE HOUSE BONUS MEASURE
By Associated Press
Washington, D. C.—Amendment of the house soldier bonus bill appeared certain Thursday with both Republicans and Democrats of the Senate Finance committee advocating new proposals.

Chairman Smoot Wednesday introduced a proposed amendment to increase slightly the value of the life insurance policies provided for in the bill and make them payable only at death rather than at the end of 20 years, and to eliminate the borrowing feature of the insurance clause in the house measure.

PERSIAN ROYALTY FLIES FROM MOBS
By Associated Press
Tehran, Persia—Anti-Monarchist demonstrations led to disorder throughout the capital Wednesday. Fiery speeches were delivered by the leaders of the opposition to the Shah, but the people remained apathetic. Business was suspended while these meetings were in progress.

Later addresses in favor of the establishment of a republic were delivered. The business houses and bazaar were reopened, but the Anti-Royalists immediately attempted to close them by force and in the resulting disorders the people fled to the mosques for safety. It is reported that the crown prince has been warned to leave the palace, and that the ladies of the royal household have already fled.

Coolidge Alters View On Bonus After House Presents New Measure

By DAVID LAWRENCE
Copyright 1924 by the Post Pub. Co.
Washington—President Coolidge probably will sign the new bonus bill which will provide for the payment of \$100,000 to each of the 1,000,000 soldiers and sailors who participated in the European war, provided the senate does not materially alter the measure.

The president was opposed to a bonus bill that the government could not afford and he particularly expressed his antipathy toward the payment of funds to the able-bodied new bill in large part takes care of the veterans when they are in acute need. It is a bill to relieve possible distress and not a measure that will permit the excessive men to fritter away the funds given them as argued by the opponents of a large cash outlay.

PRINCIPAL IS CHANGED
The principle of the insurance bill is so different from previous measures passed by congress and vetoed by the executive that Mr. Coolidge can consistently sign it. The American Legion favors the bill. The total cost to the government is slightly more than two billion dollars spread over a period of 20 years and the annual appropriations are already available because congress has been authorizing about \$100,000,000 for vocational training and that comes to an end shortly. So the existing budget contains the funds, the total cost is not conjectural as has heretofore been the case, 87 per cent of the ex-service men will be alive to enjoy the benefits of the insurance, according to the estimates of insurance experts who have been able in the past to figure out mortality tables, and the families of those veterans who have died since the war will immediately get the benefit of the insurance payments.

NO SERIOUS BURDEN
The reason why the new measure will not make a serious financial burden is the introduction of the sinking fund. In other words the maximum annual appropriation will be \$110,836,564 while the minimum outlay for any one year will be \$90,835,930. Such sums as that when set aside annually grow larger and larger because the interest on the sums invested constantly increases. The idea is absolutely sound because it has been demonstrated in the case of private insurance companies who invest the premiums paid by individuals and yet the number of persons who die annually is not equal to the number who carry insurance. The law of probability and mortality takes care of the insurance company, just as surely as it will take care of the government's sinking fund.

LOAN OPPORTUNITY OFFERED
The government will save the veterans the opportunity that private insurance companies give to borrow on an insurance policy when in need. No loan can exceed 90 per cent of the reserve value of the loan for the current year of the certificate or 60 per cent of the face value at any time. The veteran who borrows on his insurance certificate at the bank and fails to pay the amount back to the bank will find it expensive to recover the full value of the policy, when he comes to redeem it. The banks will be privileged to go to the Veterans bureau in case of default and receive the amount they have lent to the veteran with the accumulated interest, but when the veteran lives to redeem a defaulted certificate he will have to pay 6 per cent interest, compounded annually.

Durango, Colo.—A Denver and Rio Grande Western passenger train bound here from Telluride Wednesday night struck a wagon containing one ton of dynamite at Fort Lewis crossing near here. The dynamite did not explode and no one was hurt.

The wagon was demolished and the dynamite was destroyed in the collision. H. C. Carey driver of the wagon jumped to safety when he saw the train.

The team of horses escaped unscathed. Train officials said the dynamite failed to explode because of the cold weather and because it contained a low percentage of nitro glycerine.

IRISH ARMY RAID BRINGS CHANGES
Free State Minister of Defense and Other Officials Resign After Arrests

By Associated Press
Dublin—The early morning raid on a meeting of army officers in Farnell square Wednesday is having far-reaching results, and a complete new regime for the Free State army is foreshadowed. Among the sensational developments following the raid were the resignation of Richard Mulcahy as minister of defense and a meeting of the executive council, at which in addition to Mulcahy's retirement, the members decided to ask for the resignations of General MacMahon, chief of staff, General O'Sullivan, adjutant general, and General O'Murphy, quartermaster general.

The whole affair, known out of the army "mutiny" which was brought to a head by the issuance of a letter by General Liam Tobin and Colonel Dalton, demanding a change in the army council and denouncing the policy of widespread demoralization of officers who had "endeavored to place the country on the road to freedom."

CHINA FAILS TO RATIFY RED PACT

Moscow—It was stated at the foreign office shortly after noon Thursday that no reply had yet been received to the three-day ultimatum to the Chinese government, delivered by Mr. Kaakhan, Soviet negotiator in Peking on Monday, on the question of ratification of the agreement for resumption of relations between China and Russia signed in Peking by delegates of the two countries.

Russian official circles here declare the conduct of the Chinese government in failing to ratify the agreement holds out possibilities of the most serious consequences.

FRENCH SERGEANT SHOTS AT DEPARTING AIRPLANE
By Associated Press
Paris—A huge airplane loaded with passengers and baggage had just taken off from London when the Boulton airport Wednesday when there was a volley of bullets from an automatic pistol and the plane descended.

Soldier mechanics and attendants overpowered and disarmed the man with the weapon. No one aboard the plane had been injured as the bullets had buried themselves in the body of the man.

As the plane had been examined the flight was resumed.

The shooter was Georges Tiolet, sergeant in the air corps. He was sent to the hospital for mental observation.

DAUGHERTY DEALS AIRED
Washington, D. C.—The Senate Oil committee suffered a temporary setback Thursday when it undertook to inquire into a story that Harry F. Sinclair had turned over a large batch of securities to Attorney General Daugherty and Will H. Hays, former chairman of the Republican national committee to help wipe out the heavy deficit incurred by the party treasury in the campaign of 1920.

The process servers reported that so far they had been unable to locate G. D. Wahlberg, former private secretary to Sinclair, who was to have taken the stand Thursday as the first witness in the new line of investigation. Mr. Hays has been subpoenaed to appear later, and Sinclair probably will be questioned Friday.

When he was before the committee some weeks ago, Wahlberg testified that Sinclair turned over \$25,000 in Liberty bonds to "Mr. Hays." He did not identify the man named and the committee did not follow up his statement.

While the search for Wahlberg continued the committee turned its attention to other ramifications of its inquiry.

RYAN DENIES CONNECTION
Former Representative Thomas J. Ryan of New York voluntarily took the witness stand to deny that he was the man referred to in records of oil stock transactions laid before the committee and Louis F. Bond, the committee's investigator, told him to explain how the identification had been made and to further expand his report on the stock transactions of others.

Questioned again about Attorney General Daugherty's stock account, Bond said that the first transaction was the sale of 500 shares of Sinclair Consolidated and the next was an outright purchase of the same number of shares.

Details of the oil stock transactions of Jess W. Smith, confidant of the attorney general as given by Bond, showed a net profit of \$1,531 in 1922.

The Smith account, Bond said, was listed as "W. W. Spaid, number 3." While Attorney General Daugherty had an account, "W. W. Spaid No. 4," Spaid is a member of the Washington brokerage firm of Hibbs and Co.

EXPLANATION REFUSED
"What explanation did Hibbs and Co. make for carrying an account in the name of some one other than the actual dealer?" asked Senator Walsh. "They gave no explanation," replied Bond. "I was informed that I must ask Mr. Spaid. I saw there were a number of actual deliveries of stock, and I called for the receipts. On the receipts appeared the name of Jess W. Smith."

In his explanation of the appearance of the name of former Representative Ryan in the account, Bond said that the brokerage books showed only "T. J. Ryan" but that the clerk at Hibbs and Co. said it was Thomas Jefferson Ryan, a man of means who traveled around. A man at the Federal Trade Commission he said, had told him Thomas Jefferson Ryan at one time lived on Sixteenth at another time at the Wardman Park Hotel and then for a time at the Willard.

Without hearing any other witnesses the committee adjourned until 10 A. M. Friday.

Senator Walsh said Thursday he had information that Wahlberg was in Havana, Cuba. If this is the case the committee is without power to compel his attendance and since Mr. Hays has been subpoenaed for Saturday it is probable no further effort will be made to find Wahlberg.

There will be further inquiry, Senator Walsh said, into the stock transactions of Attorney General Daugherty. The senator regards it as significant that the first recorded transaction of the attorney general was a sale of 500 shares of Sinclair consolidated in 1922, about the time of the lease of Teapot Dome.

Whether Mr. Daugherty will be called before the committee has not yet been determined.

GIVE NEW NAMES TO STREETS AND ADOPT HOUSE NUMBER PLAN

Common Council Adopts Street Naming Ordinance After Long Session

(Continued from Page 1.)

former which with a number of changes was finally passed. The ordinance becomes effective with publication, but it is expected that the old names will be in use in the maps until the engineer has made a new map of the city or the new street signs have been erected.

COMMITTEE OF WHOLE

When the ordinance was reported to the council by the ordinance committee consisting of Aldermen Thompson, chairman, Alderman Callahan and Alderman Foss, and recommended for passage, opposition developed, whereupon the ordinance was referred to the committee of the whole. Mayor Henry Reuter called Alderman Smith to the chair, listened to the discussion for a time and then left the meeting. Alderman H. R. Beske, president of the council, presided over the council after the committee rose to report.

The ordinance was taken up section by section. Sections 1 and 2 which make College-ave and Oneida-st the dividing lines from which the directional prefixes shall be used were amended to make Newberry-st bordering on Block 57, eastward to the city limits, the north and south dividing line of all territory south of the Fox river. Streets running north and south and lying north of Newberry-st or College-ave will thus be prefixed "North" and all north and south streets lying south of those two streets will be prefixed "South," for example "South Oneida-st." and "South Welmar-st."

SMITH VOTES TWICE

The first seven sections were adopted in a body. Sections 8 to 14 received some opposition, but were passed. Section 15 which called for changing Garfield-st to Harriman, was contested, then amended to apply only to the north portion of Garfield-st. The vote resulted in a tie and Alderman Smith, exercised the privilege of voting again; he broke the tie by voting against it, and the measure was lost.

Further opposition developed in changing Maple Grove-st to John-st, mostly because the latter takes a different direction, it being east, while Maple Grove-st is southeast. The section was stricken out.

The same arguments were used in defeating the section to change portions of Second-st and Carver-st to Prospect-ave. The directional prefix "West Prospect-ave," it was held, would not apply properly to the diagonal part of Carver-st. Second-st Carver-st and Prospect-st will therefore retain their present names.

COULDN'T PICK NAME

A petition of residents of State-rd to have that street called Wisconsin-ave instead of Wilson-st, was considered. It was said in the council meeting that the residents had the privilege of expressing their antipathy to the name of Wilson, if they so desired, but that they should not have selected the name, "Wisconsin-ave," which had already been selected by the committee for Second-ave. Most aldermen did not care to have it called State-rd, since it is confused with State-st. They didn't want it to be called Wisconsin-ave, since Second-ave residents by their silence seem to be satisfied with that name and therefore should not be deprived of it. A verbal tie resulted between Aldermen Foss and Richard, when the former hinted at a "frame-up" in connection with the securing of petitions from State-rd residents. Mr. Richard resented the allusion and said the petition was started by Oscar J. Boldt and that Mr. Boldt had secured most of the signatures. Richard wanted the name Wisconsin-ave, since it is somewhat synonymous of State-rd, but finally yielded to Badger-ave, which he said had been his original plan.

FOSSE HAS HIS JOKE

Alderman Foss ironically questioned the wisdom of changing Main-st to McKinley-st. If it hurt the Republicans on State-rd to have that street called Wilson-ave, the Democrats of Main-st might be offended to have their street changed to McKinley-st.

AUTOISTS SAVE PARTY FROM DEATH

When Mr. and Mrs. Ray VanSchynndel, 777 Summer-st, were returning to Appleton from New Orleans, La., a week ago they witnessed an automobile accident near Baton Rouge, La., that might have resulted in the death of the seven passengers but for the quick work of Mr. VanSchynndel and other witnesses. The car was coming toward the automobile in which Mr. and Mrs. VanSchynndel were riding and when about 50 feet away tipped over and started to burn, plunging the occupants underneath. The witnesses were able to lift the side of the car about a foot and drag the passengers out. The car was a total loss, but the occupants escaped serious injury.

Aged Woman Injured

When alighting from a street car at Waverly beach Wednesday, Mrs. Joseph Steld, Sr., whose home is at the beach, missed her footing and tumbled, wrenching her back and bruising herself. Mrs. Steld is said to be recovering.

Mr. Foss voted for the change, however.

Following are the new names of streets as ordered by the common council:

Freedom-rd to be Meade-st.
Garfield-pl to be Bellair-st.
Jennie and North Mary-sts to be continuation of Mary-st.
Maria and North Maria-sts to be Wood-st.

Lake and Pearl-sts to be Oneida-st.
Parkhurst-st to be Clark-st.
Elm and County-sts to be continuation of South Elm-st.
South Division and Vulcan-sts to be South Lawest.

Canal-st to be Newberry-st.
River-st to be Water-st.
Lenox-st to be Fourth-st.
Emily-st to be Fifth-st.
Smith-st to be Seventh-st.

High-st to be Eighth-st.
Perry-st to be Packard-st.
Bruck-st to be Pacific-st.
Gilmore-st to be Winnebago-st.
Ryan-st to be Commercial-st.
DeForest-ave to be Spring-st.
LaFayette-st to be Summer-st.
State-rd to be Badger-ave.
Main-st to be McKinley-st.

Second-ave to be Wisconsin-ave.
Also that portion of VanSchynndel which is not included in Parkway plat is to be termed Parkway-bld.

WON'T PERMIT NEW LOCAL BUSINESS AREA IN 3RD WARD

Council Rejects Amendment to Zone Ordinance—Residents Protest Mill

In accordance with a petition of residents protesting to the creation of a new local business district in lot 4, block 47, Third ward plat, the common council Wednesday evening upon motion of Alderman C. D. Thompson, chairman of the ordinance committee, killed the proposed amendment to the zoning ordinance.

The other provision of the amendment to enlarge the local business district in block 26, Fifth ward plat, which adjoins the Zwicker Knitting company, was passed, however.

A protest, signed by a number of residents, against the operation of planing mill by Oscar J. Boldt in Block 17, Third ward, which the signers considered a violation of the zoning ordinance, was referred to the judiciary committee and the city attorney.

Bus Drivers Quarrel When Cars Collide

A private war was staged for the entertainment of a number of spectators by two competing automobile bus companies at the corner of Oneida-st and College-ave about 10 o'clock Thursday morning. The altercation arose over a collision between busses owned by the Tri-City Transportation Co. and the Inter-City Bus Co. A black bus owned by the latter company attempting to get into the parking space just vacated by another bus owned by the same concern collided with a yellow bus that was leaving its parking place. After an argument a photographer was brought to the scene and several photographs of the damaged cars were made.

also was referred to the judiciary committee.

Upon recommendation of the committee on fire and water, headed by Alderman Lappen, the council authorized the purchase of 12 extra coats for firemen to be used in emergency in cold weather, the installation of a fire hydrant at St. Elizabeth hospital and the installation of a water main on Freedom-rd, between Second-ave and Randall-st.

Paving of Leminwah-st with concrete with the help of state and county aid was authorized by the council. This is a part of state trunk highway 15. It will be a 20-foot pavement and the costs over above that carried by the city, county and state will be assessed to the owners of the abutting properties.

LAST DAY FOR PAYING TAXES IN CITY HALL

No more collecting of delinquent real estate and income taxes will be made by the city of Appleton after Thursday, for that is the day that Fred Bachman, city treasurer, will

make his return of the county's share of the taxes to Miss Marie Ziegenhagen, county treasurer. Delinquent taxes also will be turned over to her for collection.

BROWN-CO FARMERS OPPOSE SHOOTON HIGH WATER CANAL

**Fear Diversion of Wolf River
Water to Duck Creek Will
Ruin Bridges**

While members of the Association for the Relief of High Water of Oshkosh are pleased with the turning over to the congressional flood control committee of the cutoff canal project, which is planned to divert the flood waters of the Wolf river into Green Bay by way of Duck Creek, owners of land along this creek are becoming alarmed. E. H. Pelgrin, supervisor for the town of Howard, introduced a resolution before the Brown-co board of supervisors urging that the committee take into consideration the rights of Brown-co citizens who own land along Duck Creek.

Mr. Pelgrin has been quoted as saying that he is not opposed to the Shooton drainage canal plan which will carry the flood water of the Wolf river to Green Bay if the engineers will take into consideration the fact that Brown-co has considerable money invested in bridges along the creek. Mr. Pelgrin says that he believes that Duck Creek now is carrying all the water that it can during the flood season. He has pointed out that the ice jams in the river have to be dynamited each year in order that the bridges are not carried away and he believes that the additional water from the Wolf river would flood the land along the creek. Congressman E. E. Browne, Florian G. Lampert and George J. Schneider have taken the Shooton canal project up directly with the war department and appeared before the meeting of the committee on the subject. Mr. Browne is assured that the project will make good progress in the hands of the flood control committee.

Seek Million Badger Cattle For Nebraska

Nebraska is planning to replace its beef cattle with dairy cows and become one of the great dairy states of the country, according to O. H. Liebers, Neb., who is in Appleton on one of his periodical trips for Holsteins and Guernseys.

With the assistance of William Menning, he purchased two carloads of Holstein cows and two carloads of Guernsey cows from farmers of Outagamie co. and shipped them Wednesday to his home city to be distributed among farmers of the surrounding country.

Mr. Liebers says Nebraska is organizing to purchase one million dairy cows and a majority of them will be purchased in Wisconsin. The dairy department is to be placed in charge of a state official and Mr. Liebers says he is one of the candidates. Before engaging in his present work he held a position in Nebraska as county agent.

\$157,000 ALLOTTED TO IMPROVING FOX RIVER

Of the \$37,250,000 appropriation now before the house for rivers and harbors maintenance, the amount to be used for the Fox river is \$157,000. Green Bay harbor's allotment in the schedule is only \$17,000. The amount that is necessary to take care of the channel of the Mississippi river between the Missouri river and Minneapolis is \$1,600,000.

HOUSE PASSES BONUS BILL

The house has passed by an overwhelming vote the so-called soldiers' bonus bill. It is a compromise measure, but it is not without its merits. It gives the men \$1 or \$1.25 per day for each day of service in the form of paid-up insurance. The policies for this insurance fall due in twenty years. It will be possible for the holders to make loans on them to a substantial amount within two years of their issue. It is estimated that it will cost the government about \$2,000,000,000.

For their service in this country our soldiers were paid \$1.00 a day, and \$1.25 for service over seas. While they were receiving this pay those who stayed at home were drawing wages of from \$5.00 to \$20.00 a day. Since they were all able-bodied men, they could have earned lucrative wage for service at home. They were not taken to war without any wage. The government did not ask them to serve solely as a matter of patriotism. By paying them a dollar or \$1.25 a day it admitted they were entitled to money for their services. The question, and indeed the whole question, touching a bonus is, did the government pay them enough? The answer to this is what makes the bonus not a bonus, but adjusted compensation, and the answer obviously is that they were not paid what this nation could afford to pay and what they were entitled to receive. Nowhere in the case does the factor of patriotism or of loyalty to country enter.

The contrast between what these men gave up in a material way and what the stay-at-homes gained is so sharp that the justice of adjusted compensation can be denied by no one. Moreover, the 4,000,000 men who went out to fight saved the United States billions of dollars by performing their job in double quick time. There are some ex-service men who say they do not want anything from the government. This of course is their privilege, but their attitude does not reflect in the slightest manner upon those who are willing to receive additional compensation and who could use it to good advantage.

As between cash and paid up insurance there is difference of opinion, but since congress has decided in favor of the latter, it will have to be accepted. The purpose of this legislation is inherently just and right, and we have no doubt the senate will promptly pass the house bill. There is some speculation as to whether President Coolidge will veto it, and while it has been generally assumed he would, we hesitate to believe that he will make so great a political and ethical mistake. In fact, our prediction is that he will sign the bill.

ADVANCE THE INAUGURAL

The senate has approved a constitutional amendment which provides that newly elected presidents and congresses shall take office in January following their election. The wisdom of thus advancing the inaugural date from March 4th, and of a prompt sitting of a newly elected congress has been apparent for many years. The only argument and the only influence that has kept us to the March 4th date, and the postponement of the congressional session to the following December, is that of sentiment. We have clung to these provisions in the constitution merely because they were placed there by those who framed that document. The reasons

which prompted the organizers of our government to fix these dates have long since disappeared, or are outweighed by present day necessities.

A president should take office as soon as is reasonably convenient after his election. It is equally important that a newly elected congress should function immediately, whereas the curious anomaly has existed for more than a century that an old congress, perhaps discredited and of a different political complexion than that elected, has continued to sit and enact laws for half a session after the election. This inconsistency should be done away with. It will make our congresses more responsive to public opinion, and will give new administrations the opportunity to discharge their responsibilities with the proper authority and latitude. This constitutional amendment should unquestionably be adopted.

BILLBOARDS DOWN IN CALIFORNIA

A few days ago the Standard Oil company of California announced that it had ordered the removal of 1200 of its billboard signs from the main highways along the Pacific coast. This action was voluntary and was taken for the expressed purpose of preserving the natural beauties of the California landscape, and to do away with obstructions of views to tourists.

This is a highly creditable and public spirited move. The Standard Oil company is to be commended for taking the lead in abolishing the most pernicious and offensive method of advertising employed in the country. The campaign against billboard advertising, particularly along our scenic highways, has reached proportions which compel national attention. Many progressive corporations which have engaged heavily in this form of advertising have already taken steps to stop it. Others are being compelled to by the force of public opinion.

It is only a question of time until an offended public sentiment will direct itself against users of billboards in a manner that will prove effective, unless these advertisers have the foresight and good judgment to remove the signs. The movement against billboards is making good headway in Wisconsin. We are a state which will benefit from the reform and which needs it quite as much as California.

WAGES AND COST OF LIVING

Unskilled labor worked for the equivalent of 14 cents a day in Europe in the year 1520. Times were considered very prosperous when this wage rose to 22 cents a day in 1600. Improvement came slowly. About 35 years ago Carroll Wright, chief of the United States bureau of statistics, conducted an extensive investigation of the past and found that between 1770 and 1800 the average American blacksmith worked for 71 cents a day, laborers 28 cents and carpenters 61 cents. Even as late as 1875 the blacksmith got only \$2.31 a day, unskilled labor \$1.50 and carpenters \$2.46 a day. Many lines of work now pay as much an hour as was paid for a full day's work a half century ago.

The cost of living was not as low as most of us imagine, back yonder in "the good old days" when a dollar looked as big as a house. Take wheat, which is a fairly accurate measure or gauge of general prices. Wheat in 1816 sold for \$1.75 a bushel here in America. The price dropped to 99 cents in 1845, bounded to \$2.85 in 1867, slumped to 58 cents in 1894. The cost of living in the old days fluctuated, for prices have always traveled in cycles, reaching about the same high peaks periodically. One generation has low prices. The next generation has high prices, and the old-timers lean on their canes and discuss the low cost of living of long ago. Their parents, still another generation back, knew only high prices.

Wages in the old days were not very elastic. They were adjusted for a period of low prices, and failed to keep pace with the cost of living when it climbed high. So the man born in an old-time period of high prices was decidedly out of luck. Our generation appears to be the first in history in which wages have become elastic enough to keep in sight of skyrocketing cost of living. The cost of living still tends to climb faster than average incomes, but the situation is much improved compared with former generations.

A New York woman has worked 15 years inventing a snow moving device, instead of a wrinkle removing device.

You can think up something to invent after it is too late to say it because trains of thought are delayed by excess baggage.

DEGREES OF DIGESTIBILITY

Which, asks a correspondent, is more desirable from the standpoint of digestibility, chocolate or cocoa?

For adults both beverages are wholesome and digestible. So far as I know, there is no difference in the digestibility of cocoa and chocolate. One need consult only taste in the choice. Neither beverage is a desirable one for children, in my judgment though in this I am not in accord with many good physicians and some of the good baby specialists. The reasons why I consider chocolate or cocoa unsuitable as a beverage for children under 15 years of age, as a rule, are first, that children ordinarily require no stimulation of the nervous system, heart or kidneys and are often harmed by such stimulation, and second, that either cocoa or chocolate, as generally served, gives a child a false sense of satisfaction, misleading sense of fullness, which tends to prevent the child from eating other and more essential foods. Cocoa or chocolate remains longer than most foods in the stomach—that probably accounts for the false sensation of appetite.

But the query raises the additional question of the degrees of digestibility. I am cautiously trying to avoid blurring out, in my customary way, that there ain't no such animal, but let me intimate parenthetically that, so far as I know, there are no degrees of digestibility which any one should consider in selecting food or beverage. With that aspect of the question thus readily disposed of, we are now in position to consider whether pork and beans constitutes as digestible, if not as savory a dish as spare ribs and sauerkraut or corned beef and cabbage. We might go into a long scientific discussion, or at least wade in a few impressive terms, but to make sure of getting the idea over before we knock off the day I'll say it does, in my opinion.

The notion that one article of diet is more or less "digestible" or "easily digested" than another which notion, as I have blurred today, seems to me of no practical importance, except perhaps in an occasional case of serious illness, was developed, I imagine by the nineteenth century dietitians. In the old days the diets to which patients were ruthlessly subjected consisted principally of lists of more or less interesting items of food in parallel columns, the first, and more engaging column being headed "may eat" and the other one "may not eat." Generally the things which were really good to eat managed to find places in the second column. It was purely empirical dietetics. That is, pork and beans, which once cured a blacksmith and killed a tailor, was in column No. 1 for persons of a blacksmith type and in column No. 2 if the patient seemed to have a tailorish disposition.

In the old time system of dietetics the doctors were death on items which happened to have starchy elements, and although in modern dietetics we have no obsession about food, the habit, true to form still harbors some such obsession and many a near invalid tries to imagine he is living or can live without any starchy food.

Next to fretting over the notion of "poisonous combinations" of perfectly wholesome foods, about the most needless habit a valetudinarian can acquire is worrying about the degrees of digestibility of different items on the bill of fare.

QUESTIONS AND ANSWERS

No Such Animal

Please recommend a reliable book on sexology.

We have been married 10 weeks and my husband and myself are both anxious to own such a book. (Mrs. W. E. R.)

Answer—About that book I must repeat what the rustic said when he envisaged the giraffe. Books purporting to treat of sexology are disappointing. Sex can't be taught by the printed words. Such honest efforts to do so as I am familiar with are unsatisfactory, and too often the effect is a morbid one, which is most undesirable. Talk this over with your mamma or some other girl's mamma.

The Chilly Dressmaker

I am 49 years old, a dressmaker, weighting 149 pounds. Do you think 64 degrees is warm enough for me to sit and sew all day? Not to move around only to stretch on the machine and go down to lunch at noon. (B. E.)

Answer—It should be. But possibly you have accustomed yourself to more heat. Up to 68 degrees is still within bounds.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Thursday, March 23, 1899.

S. C. Shannon was a candidate for alderman in the First ward on the Republican ticket.

Mr. and Mrs. Peter Thom were surprised by a group of friends in honor of their birthday anniversary.

The public schools were to close the day following for the spring vacation.

Clarence Blood, who had been visiting relatives in the city, returned to Marshalltown, La., where he was employed by the Northwestern Railway company.

Contractors were to be given an opportunity to figure on the new public library building the following Monday.

J. H. Green & Sons, pulpwood contractors, who were operating two camps near St. Ignace, Mich., were compelled to discontinue work because of the depth of snow, five feet on the level.

Mary Berro, who had been critically ill with smallpox for several days, died the day previous and was buried at midnight.

The fourth annual report of E. L. Anderson, chief of the fire department showed that the loss by fire the previous year was less than \$10,000.

Dennis Carroll, treasurer of the Catholic Order of Foresters paid to Mrs. Ferdinand Stoll \$1,000, the amount of insurance carried by her late husband.

J. C. Plumb, one of the leading nurserymen of the west, died at his home at Milton.

An ordinance was passed by Ripon common council which provided that after 11 o'clock at night and on Sundays all saloon screens should be removed.

TEN YEARS AGO

Thursday, March 19, 1914.

John Van Nortwick of Batavia, Ill., and Attorney E. M. Hoyt of Milwaukee attended a meeting of the Green Bay and Mississippi Canal company.

In a display window of Hawkins & Uckerman's grocery store was an exhibit of products handled by a Green Bay wholesale house.

Fred Schafelke died at his home, 776 Richmond st., after an illness of four years.

Where are they now?

Dear Rollo: A sage in the Conway hotel remarked on Tuesday that the Rotary club locked its doors at the weekly luncheon and when the officers heard that the embalmers were meeting at the same time. The point is that the Rotarians were afraid that the embalmers might come in for some of the "dead ones."

Some of our customers are happily married and some are happy Bachelors—

The married men looked at thousands of young ladies before they made a choice—and the single men are looking yet!

That's why we carry a selection larger than the average—because we do more than the average clothing business.

The man who had a city full to choose from for a wife wouldn't be satisfied with a one way assortment of suits.

the street. I dare say that sooner or later someone of the children are going to get seriously injured by some auto driver and what is the city going to do for the unfortunate child? Let's have a little more consideration for the people of the Fifth ward, especially for children. If some properties that are not taxed were taxed as well as the humble home owner, why the Fifth ward would get something. Let's bury the dead and get to the real live ones and four square to the wind and I'll bet the daddies will find money and a place for a Park in the Fifth ward or at least some place where children can play. We do not need any more "bench warmers." This city has an over-supply to that ilk already. Taxes are excessively high due to the over supply of "hangers."

A. His estate was worth about \$450,000.

Q. Where is the oldest microscope? J. W. W.

A. The oldest microscope on record is a lens of quartz found among the ruins of Nineveh, which is now in the British Museum. During the Middle Ages simple lenses were more and more used. A spectacle maker of Middleburg, Holland, was the first to build a compound microscope, which he constructed about 1590 for Charles Albert, Archduke of Austria. Robert Hooke, Secretary of the Royal Society made various improvements.

Q. Please give a sketch of the life of Hoffmann? G. S. L.

A. Ernst Theodor Amadeus Hoffmann was born in 1776. He was a romantic novelist of cosmopolitan reputation and influence. His birthplace was at Königsberg. He dealt by preference with the grotesque, startling, and marvelous, until towards the close of his morbidly urged on madness. He prepared carefully for the law, though he wished to become a composer, lost his position in Posen because of some witty caricatures, and suffered from penury and dissipation. He eked out a living by scene and portrait painting and musical composition and criticism, with illustrations. Hoffmann's works are in 15 volumes. He died in 1822.

Stunts And Program At Club Dinner

Recreation Department Provides Entertainment for Diners

Everything happened at Appleton Womans club recreation banquet at the Playhouse on Wednesday evening. Miss Laura Rogers, president of sports and love affairs of prominent members of the department were broadcasted by radio, the clubs and classes gave stunts and yells and the women of the club served dinner to 110 girls under the most difficult serving conditions.

The program of the evening was a sort of getting acquainted with every one else, an ever present radio program being "broadcasted" from the basement by someone who was "in" on all the jokes on members of the club and the impromptu "pen" stunts of the groups.

"Many people consider wealth, health and material prosperity the greatest blessings in life," said Mrs. Henry Heineman of Chicago, who was a guest at the banquet, "but, the truest and greatest blessing is work. Without work and with nothing but one's own pleasure to take care of, life would be a bore and not worth while."

Mrs. Heineman said she felt that the girls in the club had a splendid opportunity which is lacking in the clubs of the larger cities. Those who wish to help in the social work of club there can only do so through "long distance" methods, thus losing the personal contact that is valuable.

Not the least of the entertainment program was the play, "Mr. Sampson" interpreted with the assistance of the book by the Misses Evangeline Wirick, Gudena, Chamberlain and Edna Schultz. The play was an impromptu performance. The girls had had only three and one half rehearsals, but they showed themselves to be extempore artists in making up lines when their memories failed.

Perhaps the prize joke of the evening was when a "sure enough" police officer entered the room and found the "evidence" of a violation of a much maligned law behind Miss Rogers' chair. As compensation for having the joke played on her she was presented with a corsage bouquet of sweet peas.

The Playhouse has not yet been properly equipped to take care of so large a banquet. The committee in charge of the banquet was able to do a culinary miracle in serving the dinner.

Light Advance Sale For Lind Concert Here

Only a comparatively few people in the large audience which will hear Frieda Hempel, world renowned soprano, at Lawrence Memorial chapel on Friday, March 28, have availed themselves of the opportunity of ordering their seats by mail. According to the report from Dean Carl J. Waterman, who is managing the concert, the mail order sale up to this time has been much lighter than he expected.

There is no doubt that Mrs. Hempel will draw a large crowd to hear her sing in her world famous Jenny Lind concert, but it is unusual that the entire number should wait until the public seat sale opens next week. A comparatively small number of cities in the United States will have the concert in which Mrs. Hempel will appear in the costume and repertoire of her famous predecessor Jenny Lind, famed in her time and since as the Swedish nightingale.

Many critics of today who never heard Jenny Lind find it difficult to believe that she had a more beautiful voice than Hempel has or that she used it to greater advantage. The concert is a great advantage to Appleton and will attract music lovers from the entire community.

CLUB MEETINGS

Over the Tea Cups club will meet for its monthly luncheon at 1 o'clock Friday afternoon at the home of Mrs. J. H. Murston, Jr., 663 Lawest. Mrs. George Fannon and Mrs. James T. Whelan will assist Mrs. Murston.

Mrs. C. B. Pride, 546 Lawest, will entertain the P. J. O. Sisterhood at a 1 o'clock luncheon Friday. Mrs. E. B. Morse has charge of the program in the afternoon.

The Kah Lo Ka club, composed of students of the Vocational school, and the Post-Crescent Newsies will hold their weekly meetings in the boys division of the Y. M. C. A. Thursday evening. The former club has engaged a speaker.

The Columbian club held a monthly meeting Wednesday evening at Columbia hall. The principal question discussed was the presentation of the play, "The Upper Room," on April 2 and 3.

Mrs. William Eschner will read an essay on "Radicalism and Conservatism" written by Herbert Gauerke who won the prize offered by the society last June, at the regular meeting of the Daughters of the American Revolution at 3:30 Friday afternoon at the home of Miss Carrie Morgan, 612 Green Bay-st. Mrs. George Ashman will assist Miss Morgan as hostess.

The auxiliary of United Spanish War Veterans will have an important meeting in Armory G at 7:30 Friday evening. Business matters are to be acted upon at this time.

PARTIES

A group of friends surprised Mrs. Clara Groth, 670 Richmond-st, at her home Wednesday evening. Prizes at games were won by Mrs. L. J. Kaufman, Mrs. Al Bauer and Mrs. Laura Wolf.

Martin Stecker, a pupil of the Pleasant Dale school, District No. 5, Center, took his classmates on a sleigh ride to Twelve Corners Tuesday afternoon. The pupils visited the school at Twelve Corners and staged contests in arithmetic and spelling.

CARD PARTIES

Modern Woodmen of America will give a card party at Rhine lodge hall Friday evening. The party is open to members and friends.

Sell Subscriptions
The business management of the Appleton high school year book, the Ariel, is working on a campaign to sell advance subscriptions for the book. The advertising for the publication has been nearly completed and the plans for the book are well underway.

LODGE NEWS

Five tables of bridge were played at the regular meeting of Elks Lodge Wednesday afternoon in Elk hall. Prizes were awarded to Mrs. John Grootmont and Mrs. Theodore Bellinger.

Elks lodge had its regular meeting Wednesday night in the clubhouse. Business matters were acted upon.

Mrs. Archie Kapp, Mrs. Henry Harp and Mrs. George Durdell won prizes at schafkopf at the visiting day of Lady Eagles Wednesday afternoon in Eagle hall. The hostesses were Mrs. Otto Zuehlke, Mrs. William Chopin, Mrs. Peter Mullenbach and Mrs. Albert Kurasch.

NEXT CENTURY PARTY WILL BE HELD APRIL 23

April 23 is the date set for the next of the series of parties which the Century club is giving this season. It will be held in Elk hall. Plans for a dinner-dance as the closing event have been given up and another dancing party will be given instead.

INTERIOR FINISH CLUB HOLDS MEETING HERE

Attorney Charles M. Kuchenberg of Marinette, is in Appleton on business.

700 Votes Needed To Change Law

Appleton Womans Club Votes Next Week on Changing Incorporation Articles

More than 700 members of Appleton Womans club will have to vote next Tuesday for amendments to the articles of incorporation in order to make them legal and in order to save the club the trouble of having another voting day when any small detail must be changed. The board of directors has made a great effort to combine the voting with other features and has arranged to have a tea at the clubhouse from 3 to 5 Tuesday afternoon and a cafeteria supper at the Playhouse at 6 o'clock.

Members and friends of the club are invited to take part in the social features of the day and the men especially are cordially invited to the supper, which is the first of its kind to be given in the Playhouse. Members are urged to vote on the amendments to the articles which will facilitate the handling of minor changes in the future.

ENLARGE WORK

The changes in the articles are being made to legalize policies which have been put into effect with the progress of the club. One has to do with the enlarging of the board of directors to 25 members which will include the officers, the chairman of each department and standing committee, two representatives of sports council and the rest from the club at large. The wording of this article will make it possible to create new departments and committees and have them represented without taking a general vote of the membership of the club.

The article which deals with the time of meeting will make it possible to have the regular monthly meeting on the day and at the time stated in the bylaws. The article requires that the meeting take place in the week following the first Thursday of each month except June, July and August. The first Thursday is the meeting day of the board of directors.

SMALLER QUORUM

Another article reduces the quorum for business from 25 to 15 members. Another one makes it necessary for a majority of the club membership to vote favorably on any amendments to the articles rather than two-thirds of those present at any business meeting. The attorney for the club advised that the majority is necessary.

BEFORE TWINS WERE BORN

Was Very Miserable. Felt Lots Better After Taking Lydia E. Pinkham's Vegetable Compound

Wyocena, Wis.—"I took Lydia E. Pinkham's Vegetable Compound before my twins were born because my sister used it and recommended it to me. I was so miserable I could scarcely go about my daily work. I was in such misery. But after I began taking the second bottle I was feeling lots better. I took three bottles and a half before I was confined and finished the bottle while I was in bed. I got up feeling fine and have taken care of the twins alone ever since. I recommend the Vegetable Compound highly and will sing its praises in the future."

—Mrs. Ida Gmritz, Wyocena, Wis.
It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after childbirth, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother both before and after childbirth. It is prepared from medicinal roots and herbs, and can be taken in safety by nursing mothers.

Make Costumes For Operetta By Children

When the story of Snow White and the Seven Dwarfs is told in the operetta given by children of the Lincoln school on Friday evening, there will be an interesting program enlivened with pretty costumes and good music. The costumes for the chorus are being made of crepe paper at the school under the direction of Miss Lona Drabheim.

Miss Irene Bidwell has charge of the music. She is being assisted in the production by the teachers of the Lincoln school. Between acts, music will be furnished by children of the other schools in the Second district.

WOMEN HOLD SHOWER FOR CONGREGATIONAL SCHOOL

A thank offering will be taken at the all day session of the Womans association of First Congregational church next Tuesday to be given to Northland college, a Congregational institution at Ashland Wis. The ladies will have a shower for the college. They will bring sheets and pillow cases for the new girls dormitory. The meeting will open at 10 o'clock in the morning. Mrs. G. E. Buchanan is chairman of the hostesses who will arrange for the luncheon at noon. In the afternoon a missionary program is to be presented.

For any legal change in articles of incorporation, the majority of the club cast a vote for the amendments, the votes cast will be lost and the articles will remain rigid and cumbersome. Voting places will be established at the clubhouse and at the Studebaker garage on College-ave. The polls will be open from 10 o'clock in the morning to 8 o'clock in the evening.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

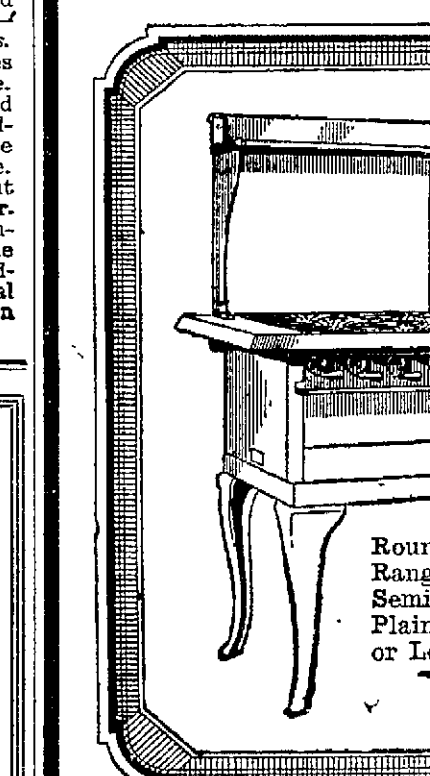

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c.

Are Gas Bills Annoyingly High?

Undoubtedly the Thief is the Oven!

Scores of tests have shown that even modern gas ranges require one-third more gas than does the Round Oak to raise the oven to the proper baking temperature. WHY? Because the construction and the location of the burner and principle of heating the Round Oak is not only improved, but patented. Promises cannot save gas. Performance proves that it saves gas—saves time and saves foodstuffs.

Quicker Results with Less Fuel!

To see the Round Oak Gas Range demonstrated you will observe just as soon as the burner is lighted the heat immediately begins to circulate to all four sides and the reason why is built into the range. Light the top burners, or the oven burner or the simmering burner, and you will observe they burn blue—not yellow. Test the broiler and you will understand what a real broiler is, and this is but a small part of the story.

WE HAVE FOR YOU A LARGE & FULLY ILLUSTRATED AND DESCRIPTIVE CATALOG THAT COVERS THIS SUBJECT—IT'S FREE FOR THE ASKING. THIS RANGE SERVES BEST. LET US DEMONSTRATE WHY YOU SHOULD HAVE IT NOW.

FEW CANDIDATES SEEK ELECTION TO KAUKAUNA OFFICE

Nomination Papers Must Be Filed with City Clerk By Tonight

Kaukauna—Unless sudden interest has developed since late Wednesday afternoon, the city election this spring will be a tame one. In all probability C. E. Raught will be reelected mayor since he was the only candidate in the field on Wednesday. L. C. Wolf, city clerk, also has filed papers for nomination and is without opposition. All papers were to be filed with the city clerk before closing hours Thursday afternoon.

As usual there will be plenty of candidates for the city treasurer's office although there are even less for that job than has been customary. B. J. Mitchka will not be in the field for reelection but papers have been filed for Miss Lila M. Sturm, Albert Lindstrom, Charles Stoeger and Charles Collins. One or two men are said to have been considering an attempt to run for the office.

James E. McFadden and N. M. Haupt have filed papers for nomination for school commissioners for three year terms. Mrs. N. F. Swartout also has been nominated. No candidates had as yet appeared for the school commissioner's term for one year, made vacant by the death of Hugh Mulholland. Apparently no one desires the office of justice of the peace on the south side which also was held by Mr. Mulholland.

Albert Ludke is without opposition for alderman in the First ward and unless a candidate appeared Thursday he will be reelected. For First ward supervisor Charles J. Faust, incumbent, will be opposed by John Nielsen. No papers have been filed for Second ward alderman but it is understood Otto Ludke is in the field for reelection. Charles Wendt will seek another term as supervisor.

Jacob Stoeger, Third ward alderman will run for treasurer and as yet no one has filed nomination in the Third ward although it is understood there will be at least two candidates. Carl C. Tratin and John Schmidt will run for supervisor in that ward. The Fourth ward is entirely devoid of candidates. It was expected, however, that A. P. Anderson would file papers for reelection as supervisor. In the Fifth ward Joseph Hurst, incumbent, will be opposed by P. G. Ester. Fred Reichel is again in the field for supervisor.

THOUSANDS HAVE KIDNEY TROUBLE AND NEVER SUSPECT IT

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

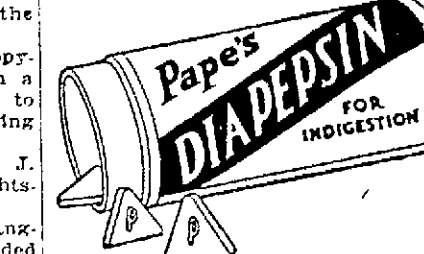

An examining physician for one of the prominent Life Insurance Companies, in an interview of the subject, made the astonishing statement because kidney trouble is so common to the American people, and that one reason why so many applicants for insurance are rejected is so common to his American people, the large majority of those whose applications are declined do not even suspect that they have the disease. Dr. Kilmer's Swamp-Root is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James J. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed Schlitz Brothers Co., Volk's Drug Store to dispense Allenru with the understanding that if the first pin bottle does not show the way to complete recovery he will gladly return your money without comment.

Quick Relief for Rheumatics

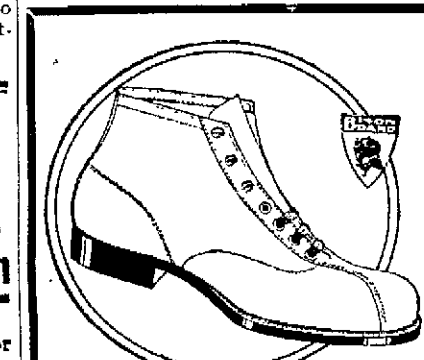

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints and suffer intensely because your system is full of uric acid, that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it today; in 24 hours it will begin to act on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish."

Many people, the most skeptical of skeptics right in this city and in the country hereabouts, bless the day when Schlitz Bros. and other good druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma today.

HOW MANY BUMPS IN ONE BUMP?

A car that is not equipped with Gabriel Snubbers gets a good many more bumps per bump than it should. There's the actual bump—then there comes the succession of rebounds—the continued bouncing after the actual bump is past. It's annoying—it's tiring—it's injurious to the car.

Put on Gabriel Snubbers and you'll stop this unnecessary discomfort. With Gabriel Snubbers you ride on the seat—no unnecessary rebounds—no hitting your head on the top. Here's why—

When the wheels hit a bump, the natural flexibility of the springs allows them to compress and soften the shock. Then instead of a terrific up-throw, snubbers control the spring expansion and let the compressed springs back to normal position, slowly and gently—without throwing you from the seat or without strain on your car.

Take advantage of our 10 day Free Trial on Snubbers. We will install a set on your car and if not satisfactory will take them off and refund money after 10 days trial.

We carry a complete stock of Snubbers and Snubber Repair Parts.

HUTCHISON OUT OF MAPLE CREEK TOWNSHIP RACE

Declines Re-election After Serving in Public Offices for Last 20 Years

Special to Post-Crescent
Maple Creek—For the first time in perhaps 20 years the name of William Hutchison, chairman of the town of Maple Creek, will appear on the ballot for election to a town office. His name and three others were proposed at the town caucus Saturday night for nominees as chairman, but he asked to have his name withdrawn as he does not intend to be an officeholder this time. Charles Kreglow and Ervin Martin received the most votes and will go on the ticket. Arnold Krueger was the other man proposed. Other nominees are: Supervisors, Arthur Frank, and Arthur Will; treasurer, Frank Finzer and Clarence Fuerst; assessor, William Moeller and Arnold Krueger.

Many friends and neighbors of Mr. and Mrs. W. Prochnow of Lebanon, tendered them a surprise party on Sunday evening. Cards were played. Mr. and Mrs. August Schwartz entertained a number of their friends at a card party on Thursday evening.

About 50 friends gathered at the home of Mr. and Mrs. Arthur Hintz Sunday evening, where progressive amuseur was played. First prizes were won by Mr. and Mrs. Albert Kiling, Mrs. W. Rhode and Herman Roloff were given the consolation prizes.

The Herman Gerndt home at Lebanon was the scene of a typical old time birthday party on Thursday evening of last week when a large number of friends, neighbors and relatives came to celebrate the twenty-sixth birthday anniversary of Herman Gerndt Jr. Music was enjoyed. Prizes went to Mrs. Christ Tech and Louis Sasse and to Mrs. W. Prochnow and John Sasse.

Alfred, 11-year-old son of Mr. and Mrs. William Voiz, became suddenly ill while at school Friday afternoon.

Why Stay Fat? You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. Marmola Prescription Tablets overcome all these difficulties. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A box is sold at one dollar by all druggists the world over, or send the price direct to the Marmola Co., 4612 Woodward Ave., Detroit, Mich. Now that you know this, you have no excuse for being fat, but can reduce steadily and easily without going through long sieges of tiresome exercise and starvation diet or fear of bad effects.

FOUR MORE CLAIMS FOR COMPENSATION HEARD BY BOARD

Industrial Commission Completes Testimony in Injury Cases

F. T. McCormick, chief examiner of Wisconsin industrial commission, and Ben C. Cover, reporter, completed their calendar of workmen's compensation cases at the courthouse Wednesday afternoon and returned to Madison.

Testimony was taken during the day in four cases. Edwin Blank vs. Blake Paving & Construction company, Soren Olson vs. Wisconsin Traction, Light, Heat & Power company, Charles Bernot vs. A. Tomaszum Power company, and Rose Wendt vs. Thimney Pulp & Paper company.

The case against Wisconsin Traction, Light, Heat and Power company concerned the electrocution of a senior of Lawrence college, who met his death while employed as a fireman.

In the final case on the calendar, John Van Enkevort vs. J. F. Davis & Son, there was no appearance.

NICHOLS DANCERS ENJOY ST. PATRICK DAY PARTY

Special to Post-Crescent
Nichols—A St. Patrick day party was held at Fraser auditorium Monday evening. Old-fashioned dances were danced as well as the new.

Friends and relatives of Howard Huribert were entertained at his home at Leeman on Sunday evening in honor of his birthday anniversary.

About twenty relatives and friends of Mr. and Mrs. Otto Falk surprised them at their home here on Sunday. The occasion was Mrs. Falk's birthday anniversary. A dinner was served.

JUNIORS TO PLAY 'LIGHTHOUSE NAN'

Special to Post-Crescent
Sturgeon—"Lighthouse Nan," a comedy-drama in three acts, will be given by the junior class of the high school Friday evening. The cast has been rehearsing for some time on the production, and an excellent presentation is expected.

Members of the cast are:
Hon. John Enlow, president of the Seacoast Banking Co., Millard Conkle; Ned Blake, his private secretary; Royce Locke, Ichabod Buzzer, the old keeper of the lighthouse, Edward Lettman; Sir Arthur Choke, a British aristocrat, Hiram House; Injun Jim, a bad man, Alton Puls; Nan, a little roustabout, Ruth Johnson; Moll Buzzer, the gentle antelope, Mary Blink; Hon. Sarah Chumley; Choke, Arthur's sister, Madrain Quilly; Hortense Enlow, a city belle, Genevieve Booth.

and the guests were entertained at cards and music.

Mrs. Matt Lorenz visited her sister, at New London last week.

Mrs. Frank Beckman of Seymour, is visiting her daughter, Mrs. J. Hahn for several days.

A. L. Nichols, who has been confined to his home for several days, is now able to be at his office again.

Mrs. Susan Olmsted and her daughter, Mrs. J. B. Johnson, left Tuesday for Shawano, where they visited relatives. Mrs. Olmsted left Shawano Saturday for her home in Bear Creek, after spending three weeks at Nichols.

Irvin Sasseman spent Tuesday and Wednesday at Black Creek.

IT'S THE CUT OF YOUR CLOTHES THAT COUNTS

Service

Service is not an extra that we throw in because we are so good natured. We give you good service because it's good business. We want you to come back, and we know you won't unless the purchases you make here continue to please you after you have left the store.

The things a man buys at a store like this are very personal. If he invests in a suit that doesn't wholly satisfy him at the time, it's certain he will think less and less of it—and of us—every time he wears it.

When we sell you a Society Brand suit, we know perfectly well that three months from the day you bought it you will like it even more.

Adventures Of The Twins

A VERY WISE RIDDLE

"What's the next riddle? What's the next riddle?" called the Twins when the Riddle Lady came next day.

"I won't keep you waiting," smiled the Riddle Lady, looking around and nodding at everybody. "This one is so easy I'm almost ashamed to ask it. Anybody could guess it with his dunce-cap on."

"I'm not a flower,
I'm not a tree,
But full of leaves as a pound of tea.
I'm not a house,
I'm not a store
But, pictures! Why, I've a hundred or more."

"I'm not a king,
I'm not a queen,
But more pages have I than they've ever seen,
No voice have I
To greet your ears
Yet stories I've told for a hundred years."

"I'm not the postman,
But all agree,
That a thousand letters I carry with me
I'm not a country,
I'm not a state,
But my capitals come at a furious rate."

"I'm not a camel,
Or yet a snail,
But I've two backs, though not a tail
However, fears
As friend to friend,
I must confess that I've an end."

"Now what is it?" asked the Riddle Lady.

"Who, you have said, that it wasn't so many things, there's nothing left," said Simple Simon.

"I only said it wasn't a tree or a flower, or king, or queen, or the postman, or a country, or a camel, or a snail, declared the Riddle Lady. "There are lots of things left to guess. Shoes and ships and sealings and castles and kings. No not kings but everything else."

"Maybe it's cabbage," said Simple Simon. "It's got leaves."

"No, it isn't a cabbage," said the Riddle Lady. "Nancy can't you guess what it is? Or you Nick?"

OPPOSITION TO PARK BOARD IS FELT IN COUNCIL

Mayor Halts Discussion by Referring Ordinance to Committee

An ordinance providing for creation of a board of park commissioners, prepared up by Theodore Berg, city attorney, upon the direction of the special committee of aldermen to study the matter, was submitted to the common council Wednesday evening. It was referred to the ordinance committee and ordered published.

A preliminary skirmish was held over the ordinance, but the debate subsided when Mayor Henry Reuter suggested that the ordinance be referred to the ordinance committee and that it be discussed when it is recommended for passage.

Alderman J. A. Wood who formerly opposed the park commission idea Wednesday evening led the discussion in favor of the ordinance. He said that the time has come, with the acquisition of so many acres of parks, that development of the park system under the management of a park commission is important.

DESERVE CONFIDENCE

When Aldermen Smith, Hansen and McGillan questioned the advisability of trusting a park commission with the power that the statutes provide, Mr. Wood replied that park commissioners were an deserving of public confidence as the aldermen themselves. He declared it his belief that the commission would cooperate with the council, since both bodies are working for the best interests of the city.

Alderman Thompson suggested that an understanding could be reached between the prospective commissioners and the council on the limit of finances to be under their control. This understanding, would be morally, if not legally binding upon the first

commission at least, and then if the commission should ever become a menace or threaten to bankrupt the city, the council could abolish the commission system, he proposed.

Mr. Berg, the city attorney, denied that the commission when once organized would become a permanent institution. Mr. McGillan asked if it were not true that the commission would compel every property owner in the city to improve his terrace with the planting of shrubs and flowers. Mr. Berg denied this and said that it applied only to a portion of a street leading into a park.

FIVE MEMBERS

Under the ordinance as submitted to the council, the commission will consist of five members who are to serve terms of five years each, one term becoming vacant each year. Only residents and freeholders are eligible to appointment. Terms shall expire in November each year and the annual meeting shall be held on the second Tuesday of January of each year. The election of officers, such as chairman and secretary, is to be held once a year. The city treasurer of Appleton is to act as treasurer of the commission. The members are to receive no salary for their work. They will be authorized to levy taxes for park improvement up to one mill on each dollar's worth of taxable property. The limit in Appleton with the present assessment would be approximately \$27,000. The bonding limit is one-fourth of one percent of the assessed valuation of a city, or approximately \$90,000. Each bond issue is subject to a referendum of the people. If a park commission is created, the council will eliminate the annual appropriation of \$5,000 or \$6,000, and let this be taken out of the tax to be levied by the commission.

OLDER BOYS PLAN CITY CONFERENCE

Young Men of Appleton Will Hold Series of Meetings Late This Month

Definite plans were formulated at the Y. M. C. A. Wednesday evening for a city-wide older boys' conference to be held March 29 and 30. The movement has been under way for some time and final organization was completed Wednesday evening with the election of Harold Zuehlke as general chairman.

Other members of the general committee are Carl Engler, mayor of the Y. M. C. A. boys' division, who will have charge of the registration of delegates; Harold Engler, former mayor of the department who will head the program committee; and Harry Parton, publicity man. Representative boys in the churches of the city have been selected to aid Engler in promoting interest among the boys in the churches and Sunday schools.

The purpose of the conference is to bring together the boys of Appleton in a series of general meetings and discuss problems that will aid in the future welfare of themselves and the community. Outside speakers of state and national prominence, including "Dad" Wones, state boys' work secretary of the Y. M. C. A., and Frank Ritchie of New York, a national committee man will be in attendance.

The questions to be discussed will

GREEN BAY, MARINETTE DROP OUT OF STATE LEAGUE

Magnates Decide To Play Sunday, Holiday Ball With Six Clubs

Appleton, Kaukauna, Oshkosh, Fond du Lac, Menasha-Nee-nah and Sheboygan Will Open Schedule in May.

Wisconsin State League has lost the Green Bay and Marinette-Menominee clubs and will start the 1924 season with six teams. At a meeting of the board of directors in the Conway hotel Wednesday afternoon, the North-east delegates failed to appear, and the matter being put to a vote, it was decided to drop the Marinette-Menominee club from the roster and declare its franchise forfeit. The Green Bay delegates stated it would be impossible for them to continue in a Sunday and holiday league as they lacked the backing of their fans in such a venture, and offered their resignation. The president and directors accepted, expressing their deepest regret at the loss.

Appleton, Fond du Lac, Menasha-Nee-nah, Oshkosh, Kaukauna and Sheboygan declared in favor of continuing the league, but decided not to accept the offers of five other cities in the state to replace the two defunct teams and to carry on with six clubs. The rules and regulations were changed accordingly, and R. C. Noe, secretary of the league, was instructed to arrange a schedule, with the first game to be played on the second Sunday in May.

GREEN BAY FAVORS CLASS D. The Green Bay magnates expressed their intention of entering a Class D league, if one of that kind is to be established in this part of the state, or none at all. In the event that sufficient clubs are found willing to enter such a league the Bayview magnates that Charles Moll was suggested that they would not play a part in it. They gave no information regarding the prospective membership, and seemed to have no definite plans for the new loop.

The matter of umpires, guarantees and finances in general was discussed at length, and suggestions offered whereby conditions in this respect might be improved. Contracts of players are to be sent to the secretary within one month, and guarantees must be posted on or before Friday, March 28.

SILVESTER RESIGNS. Harry Sylvester resigned as Appleton manager, but declared himself willing to play on the same basis as other members of the local club. Dave Smith, representative of the Walter Miller as owner of the Appleton team in the latter's absence, and according to his statement, the Papermakers' lineup will be practically the same this year as it was in 1923.

August Brant, owner of the Appleton ball park, declared himself willing to cooperate in every possible manner with the Appleton manager and ready to renew "the lease" which expired this year.

In discussing ways and means of securing the clubs on a firm financial base, it was suggested that every club be required to sell a certain number of season tickets before the season opens. The price of admission to games was set at 60 cents, not including war tax.

CUE STARS PLAY FOR CITY TITLE

Lietzen and Merkel, Appleton pocket billiard stars, Thursday night will play a match game of 100 points for the junior championship of the city at the Carr and Hanson billiard parlors down town. The game is scheduled to start at 8:30. Harold Pindle, state champion, will referee.

Lietzen recently issued a challenge to any player in the city for such a match, with the exception of Pindle. Drevler probably will give the challenger a run for his money. The two have frequently opposed each other in various teams, and appear to be evenly matched.

Y. M. C. A. SPECIALS BEAT HI-Y QUINT

Y. M. C. A. Specials Tuesday evening, 8:30 to 12, in game played on the Y. M. C. A. court here. The winners were not in danger at any time during the game. At the end of the half they were in the lead, 12 to 3, and in the second half their sweeping attack carried them still farther in advance of the opposition.

OLD CLEVELAND PLAYER WAS FASTEST ON DIAMOND

The American League has witnessed many speedy players. For instance, Bert Shotton, when with the Browns, was noted for his footness. Cobb, "Topsy" Hritzel of the old Athletics; Miller, Washington; Hooper, White Sox and Dave Jones, former Detroit star, all were or are fast men. But it is doubtful if any of them could outstep Harry Bay, Cleveland celebrity. Bay was fast and then some. A hunt down the first or third base lines, or a lazy srouder along the grass, usually meant a safety for Bay, so quickly could he scoot from the plate to the initial cushion, March 28.

Chicago—Two world's and one central A. U. record were broken in the Central A. U. indoor track and field meet won by the Illinois A. C. Minneapolis—Roland Todd, middleweight champion of England, was signed to meet Jack Malone of St. Paul in a ten-round no decision bout from the plate to the initial cushion, March 28.

Wins Fame

JIMMY SLATTERY

Fame came to Jimmy Slattery overnight as a ring celebrity. Matched with the much presaged "Tough" Strubling, Slattery was regarded as a mere setup for the Georgia schoolboy. After holding Strubling even for three rounds taking his best punches without suffering the slightest inconvenience, Slattery waded in and won the decision.

Former Major Is Back With Minor League

Old "Lena" Blackburn, one time "10,000 beauty" of the Chicago White Sox, is still roaming around in the American association. Blackburn came to the Comiskey club back in 1910. He came with a great reputation. He went back without it. Blackburn, in the majors, was plenty good enough, as he could hit the size of his lid with Milwaukee, from whence the Sox got him. "Lena" hung up quite a mark as a clubber. Against big time pitching though, he could do nothing. Blackburn, later caught on with the Cincinnati Reds but it was the same old story with that outfit—a poor batter. And back to the minors he again drifted for good. As a major leaguer, Blackburn played short but since joining the "Double A's" he has been performing at third base.

Appleton High Paired With Plattville For State Caging Tourney

Orange Quintet Regarded As Strong Favorite in Badger Tournament, With Fond du Lac a Close Second.

Appleton high school has been paired with Plattville in the first game of the ninth annual Wisconsin state high school basketball tournament to be held at the University of Wisconsin, March 26, to 29. Other pairings follow:

Rice Lake vs. Oregon, Wisconsin Rapids vs. River Falls; Wauwatosa vs. Superior; Fond du Lac vs. Arcadia; Marinette vs. La Crosse, Watertown vs. Manitowish, Eagle River vs. Janesville.

The drawings were supervised by Dr. Walter E. Meanwell, Badger basketball coach.

Appleton is regarded as a strong favorite in the state tournament, with Fond du Lac hoped to give the Orange a close run. Several schools from the north of the state also are said to be represented by strong teams this year, but judging from the showing made by the Orange both in Valley conference and district tournament games, the Appleton youngsters should continue their triumphant career.

ORANGE RECORD IS GOOD

In the recent district meet Appleton defeated Menasha 41 to 6, Kaukauna 21 to 3, and Brandon 24 to 14. This gave the Orange 35 points to 23 for its rivals or a margin of more than 3 to 1. In the conference, Fond du Lac and Oshkosh were the only teams which were able to defeat the Appleton team, and their wins were offset by a victory over each of them by the Orange. David Wilson resumed his drill Wednesday afternoon after a rest of several days after the district tournament, and his men are going stronger than at any time during the season. With four working days to practice between now and the state tournament, the district champions will take advantage of every minute to keep in form for the most important event of the year.

Pirates and Chicago Americans Join Barnstorming Major Leaguers

By Associated Press
Chicago—The Pittsburgh Pirates and the Chicago Americans join the ranks of the major league baseball barnstormers Thursday with their spring training camp programs completed.

Exhibition games will be the order for their final tests before the wedding out process.

Detroit, Cleveland and Philadelphia will be strong opponents of the New York Yankees in the American league pennant race, according to Fred Clark, former Pirate manager, who has made a tour of most of the training camps.

In Wednesday's exhibition tilt, Cleveland beat Cincinnati 8 to 7. St. Louis Nationals won over the New York Giants 4 to 2, the Boston Braves defeated the Chicago Americans 4 to 0. St. Louis won over the Philadelphia Phillies 7 to 1, and the Philadelphia Phillies beat Milwaukee 3 to 4.

Nashville, Tenn.—Tiger Flowers of Atlanta, Negro middleweight, knocked out Bob Lawson of Pittsburg in the sixth round of a scheduled eight-round bout.

Save Time and Money By Building a Garage For Your Car

Stop spending that \$10, \$12, or \$15 every month for storage space for your car. Instead of keeping it at a distant garage, why not build a concrete house for your machine right in your own back yard?

You can do this yourself, without outside help of any kind. The process is simple. The result will last a century.

Many other things can be constructed with this artificial stone. Cellar floors, clothesline posts, laundry tubs, fence posts, driveways, walks, and a hundred other conveniences for the home or farm can be made with proper instructions.

Everything you need to know about concrete is contained in a booklet which this Bureau has for free distribution. Write for a copy of this booklet today. Enclose two cents in stamps for return postage.

FOX RIVER QUINT CAPTURES TITLE IN F. R. V. LEAGUE

Badger Furnace and Valley Sports Tied for Second Place As Season Ends

LEAGUE STANDINGS				
	W	L	Pct.	
Fox River Paper Co.	8	1	.900	
Badger Furnace Co.	6	4	.600	
Valley Sporting Goods	6	4	.600	
Island Paper Co.	5	5	.500	
Citizens National Bank	4	6	.400	
Kimberly Power	0	9	.000	

WEDNESDAY'S RESULTS

Fox River Paper Co. 26, Kimberly Power 7.
Island Paper Co. 18, Badger Furnace Co. 4.
Valley Sporting Goods 12, Citizens National Bank 10.

Fox River Paper Co. quintet Wednesday night clinched its hold on first place in the Fox River Valley basketball league by humbling the Kimberly Power Co., 26 to 7. The leaders headed the Power team, 12 to 2, at the end of the first half, after R. Tarnow caught the ball four times and C. Tarnow shot it through the ring twice. In the second half the Papermakers added seven more field goals to their tally, two each by the Tarnow boys, two by Batz and one by Snyder, while E. Courchane was making two baskets and a freethrow for the Power Co.

In the opening game of the evening, the Island Paper Co. upset the Power when it defeated the Badger Furnace team, 18 to 4, and allowed its rivals to score but one basket. The Island five caged nine baskets in the first half, while the Badgers were making a pair of freethrows, and the half ended, 18 to 2. In the second half the Furnace-makers tightened their defense and the Papermen were unable to score again. Grove, forward, made a single basket for the Badgers.

BANKERS PLAY GOOD GAME

The closest and most exciting game of the evening was played by the Citizens National Bankers and the Valley Sports, which the latter won, 12 to 10, when Dunn, center, caged the ball on a long shot in the final minute of the game. The score remained all through the first half, which ended, 4 to 4, and the game was not decided until the last few seconds. Both teams displayed a strong defense, and most of the baskets scored were made on long shots.

The showing made by the Bankers during the season is remarkable, insofar as most of the players had never played basketball before this year. Hard drill and persistence made them a dangerous foe for their more experienced mates, and they are looking forward to a hard race for the championship next year.

WORLD'S CHAMPION CUEIST DUE HERE

George E. Spears, world's champion straight rail billiard champion will appear in Recreation hall here Friday night, when he will give an exhibition of 200 fancy billiard and pool shots. After the exhibition he offers odds of 100 or no count to any player desirous of accepting his challenge.

An interesting lecture on billiards is part of his repertoire, and fans of this city will be offered an opportunity to learn some of the fine points of the game.

Spears has held the championship in straight rail billiards for the past 22 years, and is accounted one of the fans.

WANT-AD

BARGAIN WEEK

Monday March 24th to Saturday March 29th

SIX INSERTIONS OF YOUR WANT AD AT THE PRICE OF FOUR

Business Men:

WANT AD BARGAIN WEEK offers business men an unusual opportunity of turning into cash some of the equipment that they no longer use and that is occupying good storage space. Whatever you have—even though it has passed its stage of usefulness to you, is valuable to somebody and that somebody will gladly pay a fair cash price for it. Why not take advantage of this big clean up week—your Want Ad 6 times for the price of 4. In writing your ad—use the same sort of sales talk as you would to a prospective buyer—it pays.

Try and create in your minds eye a gigantic department store, larger than any you have ever seen. Then try to imagine this gigantic department store holding a mammoth sale not in one or two departments but in all departments—this will give you some conception of the selling force that will be created during WANT AD BARGAIN WEEK. Hundreds of people will take advantage of this opportunity of filling their needs. Like a huge snowball the Want Ad Page creates a stronger pulling power with each increase of it's volume. During WANT AD BARGAIN WEEK the Post-Crescent Want Ad page will reach the highest peak of pulling power that it has ever attained.

During WANT AD BARGAIN WEEK The Post-Crescent will give SIX insertions of your WANT AD for the price you usually have to pay for FOUR insertions. With the additional publicity that will be given the Want Ad page during WANT AD BARGAIN WEEK this will be a bargain that every person in this vicinity should be interested in. ORDER YOUR AD FOR FOUR INSERTIONS — THE POST - CRES-CENT WILL GIVE TWO ADDITIONAL INSERTIONS FREE.
This Offer Does Not Include Advertising Paid for at Contract Rates

Fully Told: Sooner Sold

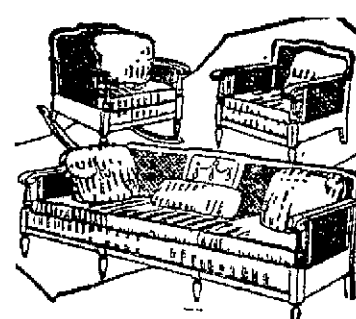

It is false economy to boil your ad down to a minimum amount of words. Many people when using a Want Ad leave out the most interesting features of their offer in order to save a few cents on the cost of the ad. This is not a saving. In hundreds and hundreds of instances it has been proven that if you tell enough you will SELL your proposition. It is better to have fewer inquiries from really interested parties than it is to have a hundred inquiries from people who after finding out more are uninterested. When you order your Want Ad to appear in The Post-Crescent during WANT AD BARGAIN WEEK be sure that you have told enough to SELL your proposition.

Plants and Seeds

Right at this time of the year is an exceptionally good time to sell seeds and plants. Flowers, vegetables, grain, berries — yes anything that grows and that requires seeds or plants to start. If you are going to have extra plants, why not sell them at a profit—Use a Want Ad during WANT AD BARGAIN WEEK.

Furniture in Big Demand

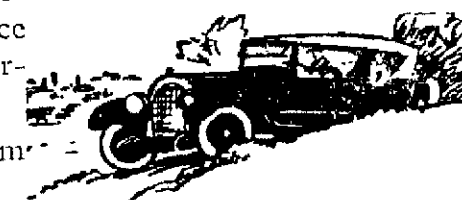

Ninety-nine out of every hundred furniture for sale ads produce enough inquiries to sell all the pieces the advertiser wishes to sell. Hundreds of people have old pieces in their attics or store rooms that are saleable and that they could turn into cash by offering for sale through a Post-Crescent Want Ad. Chairs, rugs, davenport, bedroom suites, dining room suites, kitchen cabinets, stoves, floor lamps, bookcases, desks, etc., are all pieces that are used in every home every day and can be readily sold with the use of a Want Ad.

Used Cars Bought, Sold or Exchanged

During the next 90 days the automobile game will be more active than at any other time of the year. People will be buying new cars and selling their old ones. The people who want to buy cars will read the Want Ads more thoroughly at this time than at any other. If you have a car to sell or if you want to buy a car you can use six insertions of a Want Ad for the price you usually pay for four insertions.

Good results can be had from an Auto Wanted ad.

Musical Instruments

Anything that will make music can be sold almost immediately when it is offered thru a Want Ad. Among the things that have been sold are pianos, phonographs, violins, organs, ukles, banjos, orchestra and band instruments of all kinds. What instrument have you that you would sell — Use a Want Ad during WANT AD BARGAIN WEEK.

Houses - Lots - Farms Summer Homes

The Want Ad page offers unusual opportunities for the person who wants to buy, sell, or exchange real estate of any kind. A testimonial to this fact is the persistent use of these columns by the men who make real estate their business. A man who wants to buy or sell is particularly fortunate — he can use a fifty word Want Ad about his need and save the price of two insertions. To advertise a house or a farm not less than fifty words should be used — to get the best results.

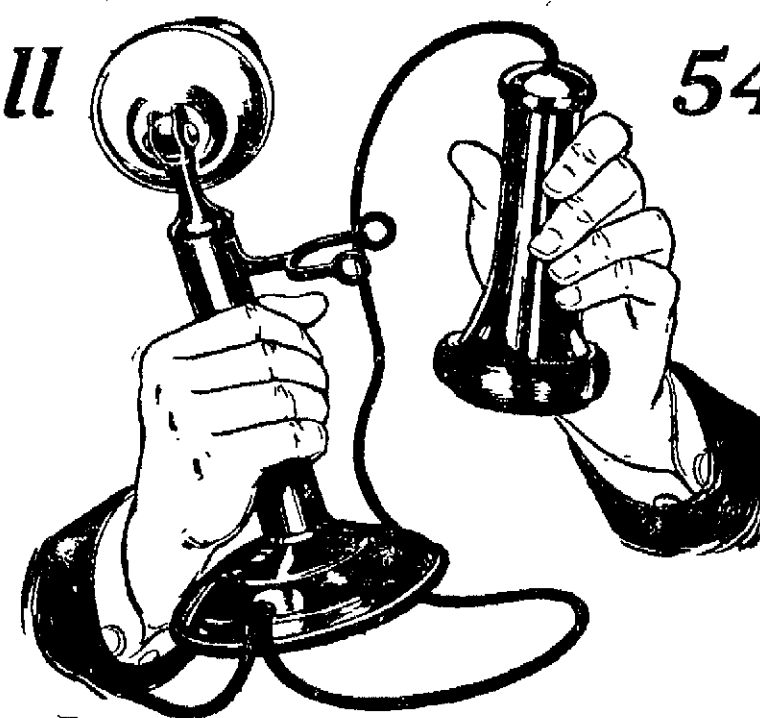

Poultry and Livestock

The man who raises either poultry or livestock and who must sell this stock to make money will find the Want Ad page in The Post-Crescent one of the quickest and most economical ways of turning that stock into cash. This is only one of the services the Want Ad page renders to the readers of The Post-Crescent. Just at this time eggs for setting are in great demand.

Rooms Apartments Houses - Farms Garages

No matter what it is you have for rent or that you want to rent for your own use — you will find that the WANT AD page is the one and only sure way of finding a person whose wants will be just the opposite from yours. Find a tenant — find a landlord—use a Want Ad.

The Most Popular of All Classifications

Of the 63 classifications by which WANT ADS are classified these two are perhaps the most thoroughly read. The first ad may offer an automatic rifle, the next ladies' suit, or a typewriter. The variety of things that are offered in these two classifications reaches from needles to airplanes. WANT AD BARGAIN WEEK should make these two classifications the most interesting they have ever been.

Do You Need Help or a Position

You will find that in either case The Post - Crescent Want Ad page is a most resourceful means of finding what you want — help or a position. If you have a job perhaps you can find a better one—read the Want Ads. If you have a full force in your shop, office or store, perhaps some of them are inefficient; a Want Ad will put you in touch with some one who is efficient.

Services Offered

A great many people depend entire on their ad in the Services Offered column to find work for them. Usually the people who use this column want work that is terms as odd jobs—a bit of painting or carpenter work or plastering or weaving or any of a hundred and one little jobs that need trained people to perform. The results that these people get from their ads are most pleasing to them as it gives them a means of earning a living at work which they like to do.

ANNUAL MEETING
OF C. OF C. WILL
BE HELD APRIL 14

Round Table Discussion Will
Feature Yearly Dinner, Di-
rectors Decide

Appleton Chamber of Commerce
will hold its annual meeting April 14
and it will be a dinner at which the
members will have a chance to ex-
press themselves concerning the
chamber's work, according to plans
made by the board of directors at the
biweekly dinner at Vermorels
Wednesday evening.
Reports were submitted by several
committee chairmen and arrange-
ments were made to place A. L. Os-
born of Oshkosh in nomination for
director from the floor at the national
chamber of commerce meeting in
Cleveland. The chamber also agreed
to cooperate with other cities of the
Fox river valley in combatting Green
Bay's plan to corner the tourist pat-
ronage.

COMMITTEE NAMED
Five directors were named as a
committee to arrange for the annual
dinner. They are Joseph Koffend, Jr.,
chairman, John H. Neller, A. C. Rem-
ley, R. W. Getschow and Dr. G. A.
Ritchie. Each of the standing com-
mittees of the chamber will present a
report at the dinner showing the
work that has been done for the year.
A round table discussion will follow.
Members will be invited to point out
instances where the chamber failed to
be of service or suggest activities
which might be taken up in the fu-
ture.

Letters from Marinette and Oconto
were read to the board, pointing out
how Green Bay is endeavoring to di-
vert tourist traffic from state high-
way 15 to highway 57 so the cars will
pass through no cities until Green
Bay is reached. The new hotel at
Green Bay, it is charged will obtain
the bulk of the patronage and the
same will be true of the business
places, it is said. Secretary Hugh G.
Corbett was instructed to correspond
with other cities along highway 15 in
the Fox river valley and cooperate in
any plan they devised for preventing
an injustice of this kind.

FILED TOO LATE
A. L. Osborn's nomination for di-
rector of the Chamber of Commerce
of the United States was prepared in
the proper form, the board was told
by Mr. Corbett, but the papers ar-
rived at the Washington office too
late. It therefore is necessary to gain
the support of five states and five sig-
natures of councilors or delegates
from each state in order to make the
nomination from the convention floor.
This will be done if possible so the
Fox river valley may have represen-
tation on the directorate in the natu-
ral resources production department,
where a vacancy is to occur.

Letters and circulars are being pre-
pared for the campaign to raise \$2-
600 for Wisconsin, the Land o' Lakes
Inc., according to the report made by
R. E. Carners, chairman of the
publicity and convention committee.
These will describe the work of the
organization and the need of publicity
for the state. Cooperation in adver-
tising the Rotary and United Com-
mercial Travelers conventions also
was described.

REPORTS ON DINNER
John H. Neller's report as chair-
man of the retail division contained
announcement of the merchants' get-
together dinner March 25.

Organization of the Safe Drivers
club and progress made to date in
the better cities contest were in-
dicated in Louis Bonini's report as
chairman of the community welfare
committee. He declared that if only
one life from motor accidents were
saved this summer through a cam-
paign of safe driving, the safety club
would be worth while.

Judge Edgar V. Werner submitted
a plan for a public grievance com-
mittee as a department of or sponsored
by the chamber of commerce. The
directors were favorable to the idea
and will have it made the object of a
study as soon as the new officers are
elected.

**FIREMEN CALLED
TO 2 SMALL FIRES**

The fire department was called out
twice Thursday morning to extin-
guish fires, neither of which caused
great damage. The first fire broke
out at 215 in the morning in the
rear of a barn and ice house of the
Dairy Specialties company on Super-
ior street where a pile of hay was burn-
ing. The blaze was extinguished by
the use of chemicals.

A roof fire, the third of the season,
started at 7:20 at the home of Albert
Kuether, 864 North Division-st. where
sparks escaping from the chimney
had set a part of the roof ablaze. The
fire did not spread to any great ex-
tent and was easily extinguished.

**SCHLAFER STORE CLUB
HEARS LUBRICATION TALK**

The store club of Schlafer Hard-
ware company held its monthly meet-
ing Wednesday evening on the second
floor of the store building. Forty-two
persons were present and John Mar-
shall had charge of the program. M.
Pettibone of Milwaukee was the principal
speaker and discussed the Alamo lu-
bricating system for automobiles and
industrial machinery. Music was
furnished by George Nixon and Claire
Hollenbeck.

BEG PARDON

Carl Stolt, whose death was chron-
icled on Wednesday lived in the town

TOMORROW-Pettibone's Electric Housekeeping Demonstration in the Modern Household Appliance Institute

Friday Afternoon--Continuously from 2 to 5 P. M.--Appleton Vocational School

A Special Presentation of the Country's Finest Electric Housekeeping Devices Demonstrated and Explained by Nationally-Known Experts in the Use of New Household Labor Saving Equipment That You Should Know About.

TOMORROW AFTERNOON, Pettibone's will present the most important program of the Home Appliance Institute. We have secured the best speak-ers on Modern Housekeeping available. While they will explain the new electrical appliances that will demonstrate them — they will also tell many valuable facts concerning the conservation of labor in daily housework.

The
EASY

Washes by Air Pressure and
Suction—EASY on Clothes—

The EASY VACUUM ELECTRIC WASHING MACHINE does the work of human hands, thor-oughly and without effort. The vacuum cups force the hot, soapy water by air pressure through the meshes of the clothes and by suction draw it back again. Absolutely no rubbing, tearing or dragging.

Appleton's Best-Selling Machine
Pettibone's has built up the EASY to Apple-ton's most popular and best-selling washing ma-chine. The EASY is the best "wringer-attached washing machine" made—and is in weekly use by hundreds of Appleton families.

Convenient Terms.

How Many Hoover's in Appleton

Come tomorrow with your estimate of the number of Hoover Electric Suction Sweepers in Appleton. There will be three prizes of Pyrex glass cooking dishes for the three women who guess most correctly. The program starts at two o'clock — closes at five.

Also Introducing--
Our Newest Electrical
Presentation--

SAVAGE Washer and Dryer

Washes—Rinses—Blues—Dries
Spins the Clothes Dry—No Wringer

THINK OF A NEW MACHINE that washes your clothes spotlessly clean; and THEN—spins them dry for the line or dry enough for ironing WITHOUT USING A WRINGER! This NEW WASHER washes in fifteen minutes a full load of anything, including laces, lingerie, blankets, sweaters, comforters, pillows or rag rugs. IT CANNOT IN-JURE the most delicate pieces.

A Marvelous New Electric Washer
That Washes—Rinses—Dries—Blues
Without the Use of Additional Tubs

The features that women have always liked best in other washers are present in this NEW washer—as well as the splendid NEW feature that saves all the work of wringing. THE SAVAGE dries a whole tubful of clothes in ONE MINUTE without any work on your part, or any wear and tear on the clothes.

NO WRINGER is needed—the spinning basket spins the clothes dry. You do not have to lift heavy dripping garments. You do not have to put your hands into hot, roughening suds or cold water.

SEE THE NEW WASHER AND DRYER TOMORROW —the Savage will be demonstrated daily during Pettibone's Electrical Show.

Sold on Convenient Terms.

The SIMPLEX

Electric Ironing Machine

NO WOMAN SHOULD DO BY HAND WHAT A MACHINE CAN DO BETTER FOR HER. The Simplex Ironer does the work of an expert hand laundress in One-Fourth the time. The Simplex completes an average ironing in an HOUR.

With a "Simplex"—three cents is the cost of fuel for the weekly ironing. It saves a \$100. a year in fuel, help and laundry bills. See it dem-onstrated at Pettibone's Electrical Show.

Convenient Terms.

The New Electric Kitchen Aid for the Home

The "Kitchen Aid" is a remarkable New Elec-tric Machine for mixing dough for bread, cake, doughnuts, pie, rolls, etc.—for mashing potatoes—mixing and beating mayonnaise, and other dress-ings—beating eggs, batters for pan cakes, waffles, etc. — whipping cream, meringue, kisses, icing, marshmallow, etc. — mixing and whipping can-dy, and many other things.

Saves Time and Material
in the Kitchen Every Day

The "Kitchen Aid" cannot be appreciated until you see it operate. It is so simple—does so many things—saves so much time and material—avoids so much plain old Kitchen Drudgery, and makes Food so much better that you will find it indispensable.

The "Kitchen Aid"
Actually Makes Food BETTER—
The thorough preparation which this tireless ma-chine can give to food actual makes the finest food BETTER. Potatoes that are mashed with this ma-chine can give to food actually makes the finest food than any mashed by hand.

See it demonstrated tomorrow.

"Smooth Sailing in the Kitchen"

The HOOVER

IT BEATS . . . AS IT SWEEPS AS IT CLEANS

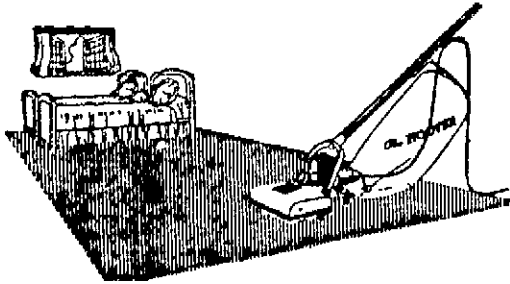

A HOOVER not only cleans rugs by AIR; it also ELECTRICALLY sweeps and beats your floor coverings. AIR is a good cleaning agent for surface dirt, but it cannot pick up clinging threads and lint, nor dislodge the destruction embedded grit that catches in the depths of the rugs. THE HOOVER beats, as it sweeps, as it cleans.

It is Cheaper to Buy a Hoover
Than New Rugs

A rug purchased several years ago would cost much more to replace today. Better keep those rugs you have by prolonging their life with the HOOVER.

A HOOVER is an economy—it costs much less than to replace rugs. Besides, it keeps them ever beautiful and ever clean with but a fraction of the work otherwise required.

\$6.25 Down — \$6.25 a Month Pays for a
HOOVER.

The Hoover

WALKER

Electric Dish Washer
Do Your Work
(Women Designed It)

Wash a Whole Day's Dishes
in Just TEN MINUTES

In a Walker Electric Dish Washer the whole day's dishes can be done in ten minutes—while the house-wife goes about her other duties. The Walker is the greatest time-saver of all electric appliances for the home.

Save a Month a Year

No longer a dream or a myth—the Walker ac-tually gives you over a month out of every year of the time you are now spending in needless dish-washing.

PLUS the satisfaction of clean, bright sanitary dishes—and the elimination of the disease-laden dish rag and dishwashing drudgery generally.
